Let new buyers come to you at the East Coast market hub for floor coverings.

Each January, hundreds of retailers and buyers travel from across the Southeast to attend the two-day Southeast Flooring Market (SEFM) in search of the newest floor covering trends and products.

With plenty of opportunities to connect with new audiences, establish valuable business relationships, and grow your business, the Southeast Flooring Market is one event you can't afford to miss.

BENEFITS TO EXHIBIT AT SEFM

- Low booth rates and costs to set up, ensures a higher ROI!
- 13-year history with strong attendance that doubled in 2018
- 80% of the entire U.S. population lives within a direct 2-hour flight from Atlanta.
- Proximity to Dalton Headquarters means buyers can speak with company decision makers

Since it's not cost effective for our company to travel across the country, the Southeast Flooring Market is a wonderful opportunity to see what new products are available. I really enjoyed being able to talk with our sales reps about the newest trends in the market.
